10:00 a.m. - 2:00 p.m.

South Mountain Environmental Education Center  
10409 S Central Ave, Phoenix, AZ 85042

---

# Volunteers and Sponsors Needed!

Engage! Science, a 501(c)(3) non-profit organization based in Phoenix, is proud to host the 2020 Phoenix Homeschool Science Fair. The Fair is open to all homeschooling students in grades K-12.

### **The Homeschool Science Fair is an important and much-needed community resource. Did you know...**

- Phoenix has a large and growing population of homeschooling families.
- There are currently NO science fairs in the Phoenix Metro Area that are open to all homeschoolers.
- Students cannot become eligible for the Arizona Science and Engineering Fair unless they qualify at a school or regional fair - the nearest qualifying fair for homeschoolers takes place in Tucson.

You can help **engage** our community's homeschooling students in science.

#### **HOW YOU CAN HELP:**

- Make a tax-deductible contribution to the sponsoring organization, Engage! Science
- Volunteer as a judge (minimum qualifications apply)
- Donate goods or services for student prizes
- Provide an outreach or educational activity at the Fair
- Spread the word to friends and colleagues who may be interested in getting involved

Please contact Julie Mallinger for more information on how you can make a difference or to get involved: [info@engagescience.org](mailto:info@engagescience.org).
